

MUSIC DIRECTOR

Responsibility:

To work with the pastor to make music selections for The Master's Storyteller services and to work closely with Wesley during the week.

Services

Plan the Sunday morning service to meet the needs of your congregation. Feel free to choose the hymns, scripture, etc. and use your regular musicians. Your choir is encouraged to sing as usual. Wesley will be introduced early in the

service. If he will be presenting a drama during this service, he may slip out to change into costume. Allow approximately 30-35 minutes for Wesley to bring the message. It may be necessary to shorten other parts of the service.

During the evening services, your pianist and/or organist will be needed for the prelude, offertory, and postlude. Wesley will play the hymns/choruses and lead the singing. If possible, arrange for a choir (adult, youth or preschool children) to sing at the offertory of each evening service.

Church name and address:

Choral Music
